

# MAKENI ECUMENICAL CENTRE

## Chisamba Agricultural Settlement Village

Here are some photos showing the result of the support of this project by Africa Aids Angels, Victoria, Canada. These photos were taken in June 2009.

**Left:** A beneficiary congratulating a friend after showing the maize harvested from AAA input support field in Chisamba settlement village as others look on and admire the yield.

**Right:** A widower beneficiary of AAA Input Support Project smiling as he poses for a photo with his two grandsons to show his yield to the Settlement Officer.

A picture of a widow a beneficiary from AAA Input Support Project, in her field of maize gathered in heaps before harvesting. She explained that because she is just alone that is why her maize was still in the field and she has not prepared a traditional barn to store her maize in.

A beneficiary (Jericho Chibulu) with his family showing off the quality cobs and pumpkins harvested from the field. Behind them is the traditional barn used to for temporary storage of maize.

Mrs. Kandago sitting on the bags of unshelled maize as she expresses her happiness. This is inside her house.

**Below:** A picture showing beneficiaries after loading some of their maize bags in the truck to send to Lusaka to assist their school-going children. They were captured unawares. The beneficiary on the left in excitement performs a traditional dance to express her joy and happiness while others look on.
